My Pokémon

Pick one Pokémon, draw a circle around the number, and tell your partner the number, not the letter. Your partner will guess the letter.

My Guesses

I am looking for Pokémon number _________. (Your partner tells you this number; you guess the letter.)

You and your partner should take turns guessing where the other Pokémon is hidden. Each time you make a guess, write the letter here.

How many guesses did you use? ________ Did you use an algorithm to help you guess? What was it? ________
